GENERAL PROVISIONS

Each CLTCC employee is required to report for duty in a condition that maximizes his ability to perform assigned tasks in a competent and safe manner. Reporting to work impaired from the use of alcohol or drugs is prohibited.

The unlawful use, abuse, manufacture, distribution, dispensation, possession or being under the influence of a controlled or illegal substance or undisclosed controlled prescription medication while at work, on call, on duty, or engaged in CLTCC business is prohibited as is the possession and/or consumption of alcohol in the workplace. Workplace shall include any location on CLTCC property in addition to any location from which an individual conducts CLTCC business while such business is being conducted. Without reference to any sanctions which may be assessed through criminal justice processes, violators of this policy, including refusal to submit to drug testing when properly ordered to do so, will be subject to CLTCC disciplinary action up to and including termination of employment.

Alcohol misuse is prohibited extending to 1) use of alcohol on the job; 2) use of alcohol during the four hours before performance of safety-sensitive and security-sensitive functions; and 3) having a prohibited alcohol concentration level in the individual's blood system while on the job.

The use of drugs/medications prescribed by a licensed physician is permitted provided that it will not affect the employee's work performance. CLTCC reserves the right to have a licensed physician of its own choice determine if the use of a prescription drug/medication produces effects which may impair the employee's performance or increase the risk of injury to the employee or others. If such is the case, CLTCC reserves the right to suspend the work activity of the employee during the period in which the employee's ability to safely perform his/her job may be adversely affected by the consumption of such medication.

DRUG AND ALCOHOL SCREENS/DISCLOSURE

CLTCC reserves the right to require drug and alcohol screening for pre-employment, re-employment, continued employment or reinstatement, as well as disclosure of the medically required need to take certain prescribed medications or over-the counter medications.

All employees are subject to being tested for drugs under the following circumstances:

While the duration that the medication will be taken should be disclosed, employees should know that it is not necessary to disclose to a supervisor the medication being taken nor the condition for which it was prescribed. Such information may, however, be required to be disclosed to the Medical Review Officer should circumstances or the nature of the employee's job duties warrant, as determined by the Appointing Authority.
3. **Post-Accident/Incident:** Any employee directly in an on-duty accident or incident, and whose action or inaction may have been a causative factor of same, shall be required to immediately submit to drug and alcohol testing if:

Employees should be aware of the legal presumption of impairment under R.S. 23:1081 if an employee refuses, after being so directed, to submit to drug or alcohol testing as a result of an on-duty accident or incident. As a consequence of, such refusal, benefits under the worker's compensation laws of the State of Louisiana may be denied.
